Division-Wide Free Response Summary

The free responses from the 2015 DOPL Board Survey revealed five main themes: (1) board training, (2) information provided to boards prior to meetings, (3) meeting scheduling, (4) parking, and (5) increasing board involvement.

- Board training:

The comments indicated that new board members and seasoned board members need training. Popular training topics included statutes, rules, purpose of boards and DOPL, board responsibilities and authority, and hearings. It was suggested that trainings could occur in training meetings, at the beginning of each board meeting, or using online training modules.

- Information provided prior to meetings:

The survey results revealed that many board members feel unprepared for board meetings. Board members would like to know what will be discussed and receive relevant readings prior to board meetings. Suggestions for information that should be shared prior to board meetings included relevant statutes and rules, third-party research, potential statute or rule changes, and a summary of disciplinary actions, complaints, or investigations since the past meeting.

- Meeting schedule:

Many survey respondents indicated that we are not providing sufficient notice of meeting dates. It was also suggested that we are not offering enough flexibility to board members in choosing meeting dates and times. One suggested way to improve scheduling conflicts is to regularly provide the option of teleconferencing.

- Parking:

There appears to be confusion about where board members should park and whether board members are being reimbursed for parking costs. Board members would like to use the north parking lot because of its convenient location. They also do not want to pay for parking.

- Increasing board Involvement:

Many board members feel their role is limited due to insufficient information, such as a lack of information about disciplinary actions or hearings. Some board members suggested that DOPL decision makers are underutilizing the board's expertise.
